301 congress Ave #1000
Austin, TX, 78701
Email: cheryl_house@mhbt.com
Phone: 512-226-7910
Fax: 512-226-7980
Organization: MHBT
Government Agency Type: Federal

General Comment

It is my understanding that even though Psychiatrists, Psychologists and Counselors would be considered specialists by plan definition just as other non-primary care are that you cannot charge a specialist copay like you can for medical services. However could you charge say a primary care copay for a group session and specialist copay for individual session? Or could you say counselors would be a primary care copay and psychiatrists and psychologists would be the specialist copay?
