Subject: Proposed Summary of Benefits and Coverage (SBC) - comment
Date: Friday, September 23, 2011 10:06:59 AM

Dear DOL:

One comment on the proposed SBC that's been posted for review -

Standardize the definition of the out-of-pocket limit so that all Americans can see their true financial exposure when they shop for a health plan.

Please. It's awful how insurance companies obscure this one. And clearly define in-network vs. out-of-network out-of-pocket limits as well.

Sincerely,
